April 3, 2009

To Whom This May Concern:

We have been using Kaseya for 8 months and have found it to be a very valuable IT solution for our district. We are able to operate much more efficiently, saving the district money, and our staff is able to focus on more strategic initiatives.

Because of Kaseya, we are able to offer excellent IT support to our administrators, teachers and students as well as be in control of our entire network.

I would highly recommend Kaseya to other school districts and educational institutions.

Sincerely,

Mark Dipofi  
Network Administrator
