

captain's chair

The Client View

*Captain's Chair
gives our MSP partners an
unprecedented level of trust &
credibility with their clients.*

Captain's Chair is an industry-first proprietary software product that solves one of the most common causes of client frustration - the "black box" syndrome of outsourced IT.

*MSP's are utilizing
Captain's Chair
to do the following:*

- Increase recurring revenue
- Improve customer retention
- Enhance close ratios
- Differentiate your offering from competitors
- Turn IT decision-makers into your advocates

If you are an MSP seeking to increase your recurring revenue and improve customer experience, contact us to see how Captain's Chair can help take your business to the next level.
