VSA MANAGE360

A PERSONAL TRAINER FOR YOUR VSA

TAKE VSA TO ITS FULL POTENTIAL

Want to get the maximum potential out of your VSA investment? Unlock all the value your VSA can provide by mentoring with a trusted Kaseya expert. With our years of experience leading the automation channel, let us help you reach its full potential. Our *Manage360* program provides best-in-class, white-glove support to help you take your VSA to the next level.

WHY MANAGE360?

Manage360 offers a personal trainer for your VSA. We pair you with a dedicated Kaseya champion who understands your specific goals and will help you craft a tailored roadmap with your business outcomes in mind.

Our experts develop custom goals with you and works together with you to ensure each one is met. With *Manage360*, receive white-glove level support and drastically reduce your time-to-value and missteps, giving you more value from your VSA faster than ever!

PROGRAM HIGHLIGHTS

Mentoring by Professional Services - Partner with an expert who has deep experience in user cases in the VSA.

Benchmarking & Best Practices - Examine potential technical problems and the business impacts of non-optimal usage.

Enhancing Automation - Through policy management and agent procedures, reduce operating costs by automating routine tasks.

Reducing Need for Support - By tackling issues through education, get ahead of issues before you need to contact our Support team.

Use Case Assistance & Planning - You know your business inside out. Combine that with our expertise on how to satisfy every use case and you'll ensure your successes carry on to the long-term.

Better Value - Achieve faster time-to-value through roadmap-informed insights, 1:1 monthly consultations, a 150-point VSA audit, and access to our 40-hour eLearning module and certification.
